Central Region 2013 Welcome

Ontario

OHMPA Road Tour
June 3, 2013
Presentation Overview

• Budget Highlights
• Delivery Models
• Innovation
• 2012 – Year in Review
The 2013 Provincial Budget

• Ensuring the flow of people and goods is vital to a strong economy and the growth of Ontario’s communities – urban and rural, large and small, northern and southern.

• The Province is making substantial investments to rehabilitate and improve the provincial highway network, including projects to address bottlenecks and support economic growth. Examples include:
  – Widening key sections of Highway 401 in the GTHA, Highway 417 in Ottawa and Highway 11/17 between Thunder Bay and Nipigon; and,
  – Building the Rt. Hon. Herb Gray Parkway in Windsor and extending Highway 407 east through Durham Region to connect with Highway 35/115 in Clarington.

• The Province plans to move forward with a number for new highway projects, including:
  – improvements to Highway 17 in Renfrew County, to Highway 401 in Waterloo Region and Northumberland County, and to Highway 66 in northeastern Ontario;
  – proceeding with the planned extension of Highway 427 to Major Mackenzie Drive in York region; and,
  – new HOV lanes on sections for Highways 401, 404, 410, and 427 in the GTHA.
The 2013 Provincial Budget

- In addition, new funding would be allocated to ensure rehabilitation of bridges on the provincial highway network continues to be a priority.

- We are awaiting the approval of the 2013 budget in the Legislature.

- Once our budget is confirmed we will:
  - Adjust and finalize our overall construction program
  - Continuously monitor the delivery of our program to maximize budget

- The ministry invests according to its highway investment plans (SHP/NHP) to keep Ontario’s highways and bridges in good repair, reduce congestion, improve safety and promote the economy.

- Visit our website for the latest Southern and Northern Highways programs. The 2013-2017 programs are expected this summer.
Delivery Models

- Minimum Oversight – “Min O”
- Design/Build – Minor
- AMC – 3rd Generation
- CR AMC Renewals – 2012 to 2014
- Design/Build – Major
- Construction Manager General Contractor
- AFP – 407East
Innovation

- Hot on Hot Paving
- Rapid Bridge Replacement (Hwy 401)
- AMC In-Scope
- Roundabouts
- SMA Gritting
2012 – A Year in Review
Peter’s Corner Roundabout – Highway 5/8/52
